CELEBRATING COMMUNITY

In Mexico, we know how to throw a fiesta and the past month has included two party-worthy events: Children's Day and Mother's Day. We honored each mother with a gift bag

For Children's Day, we celebrated children together with local families by providing a piñata, refreshments, and a goody bag for each child to take home. The families enjoyed a stirring message by Pastor Jesse on God's view of children and our responsibility as parents.

MEDICAL MISSIONS IN MEXICO

God works in mysterious ways! Despite having no medical background, God has opened doors for us to help provide urgent medical care to impoverished families in Mexico. For children like Toño, Yamilieht, and Jededia, our intervention has meant the difference between life and death. For some, like Angel (left) with cerebral palsy, they are able to get needed therapy and medical supplies that give them a better quality of life. This month we even had the privilege of assisting an American veteran (and Purple Heart recipient) who was experiencing a medical crisis here in Mexico to get an emergency flight to a VA hospital in Florida!

Doctor checks for damage to Jededia's heart.

Pastor Jesse talks with specialist about Angel's condition

Toño gets a welcome home hug from Alan after his 4th surgery.

DONOR OF THE MONTH: GRACE COMMUNITY CHURCH

Our donor of the month is Grace Community Church of Woodstock, Georgia. In addition to being a regular monthly donor, this church faithfully provides prayer support for those of us working on the front lines of international missions. We are grateful for the support and encouragement of this wonderful congregation.

Urgent Needs

- Pray that God provides a permanent place of ministry.
- Pray for the families going through a medical crisis.
- Pray for rain for the Yucatan as we are experiencing a severe drought.
