

Living Faith Ministries International

Ministering to Hurricane Victims

Hurricane Beryl rolled through Mexico this month, bringing floodwaters and high winds. Living Faith Ministries (and members of our church plant, Bible Fellowship) responded quickly to provide food, shelter, and safety to those who needed it. Pastor Jesse opened his home to those living in inadequate structures so that they could be out of the danger of the storm and have food during the crisis. It was a beautiful picture of believers following the words of Jesus and “giving a cup of cold water in His Name.” (Matthew 10:42).

School Backpack Drive

As school starts back next month in Mexico, many children in Puerto Morelos will be at a disadvantage as they start the year without adequate school supplies. Poor families struggle to pay the modest fees needed for public school matriculation and often cannot purchase even basic supplies like notebooks or pens.. A donation of \$30 can provide a student with a sturdy backpack and enough supplies to last the whole year.

A Trip to the States

The part of mission work that no one likes to talk about is fundraising, yet it is a “necessary evil” in ministry. This month, Alan spent 9 days traveling in Georgia and Florida to speak at churches and meet with potential donors. We feel so blessed to see our ministry expanding at a rate that we could not have imagined, but with growth comes new needs. Please join us in praying that God would send the resources that we need to meet these growing needs.

A Full-Service Ministry

Since arriving in Mexico, we have been called on to do everything from weddings to marital counseling to cleansing a house full of demons. But no ministry is as fulfilling as helping someone to come to Christ. One example this month is Mijael, who turned from a life of drug addiction to embrace faith in God. He is one of several new believers who are being discipled through our ministry. Please keep Mijael and the others in your prayers.

Urgent Prayer Needs

- A ministry center
- Strength to battle the attacks of the enemy
- Families in crisis
- Successful backpack drive

Donors of the Month

Our donors of the month are Lisa and Johnny Leathers of Poincaina, Florida. This admirable couple runs their own organization to raise awareness of depression and suicide, the Johnny Foundation. Despite being busy with their ministry, the Leathers still find the time to support Living Faith Ministries with their prayers and donations.
