

OUR FIRST BAPTISM

And as they went on their way, they came unto a certain water: and the eunuch said, See, here is water; what doth hinder me to be baptized?
Acts 8:36 

We held our first baptism on September 15th. Six people had asked to be baptized, but an additional three people felt led to “take the plunge.” The fishermen who were looking on did not realize that these people had just become fishers of men.

BABY DEDICATION

This month we had our fifth baby dedication. We helped this mother-to-be when she had medical problems during the pregnancy. She has been a part of our fellowship ever since and brought her newborn daughter to be dedicated.

BIBLES IN SPANISH

Whenever we meet a Christian here, we ask them if they have a Bible. Many, like Esmerelda (pictured here), do not have their own Bible. They are always so grateful to receive one and are faithful to read it. Thank you, Friendship Baptist Church of Cumming, for providing these Bibles for believers in the community.

ENGLISH CLASSES

Learning English helps Mexicans to get better paying jobs in the tourist industry. This is a much better alternative for them than moving to another country to find work. Our classes have both adults and children. A few have also come to our bilingual Bible classes and ended up accepting Christ.

MORE SCHOOL SUPPLIES

Though our backpack funds were depleted last month, we continued to bring more school supplies to needy families. Even though school is free, all students are required to bring their own supplies. For these families, these few items meant that their children would be able to attend school this year.

DONOR OF THE MONTH

Our donor of the month is Karla Burke of Alberta, Canada. In addition to being a financial donor, Karla travels to Puerto Morelos several times a year to work with us in meeting needs in the community. She loves helping so much that she is in the process of moving here permanently!

Power in Prayer

Thanks for all the prayers last month as we faced many spiritual battles. Not only have your prayers lessened the attacks, but we have seen an incredible amount of spiritual interest. Our ministry is literally bursting at the seams. Please continue praying during this time as we experience "growing pains" in our ministry.
